PROJECTS

MINI PROJECT | 2D GAME DEVELOPMENT USING UNITY

6 Month,

AAMEC.

DESCRIPTION:

The main objective of this project is to find out if computer science students with no background in the field of games can create a fully playable game, or at least develop a concept without external help. We did it, and the results were successful due to the general aspects of game development.

FINAL YEAR PROJECT | GOVERNMENT SCHEMES CHATBOT USING MACHINE LEARNING AND DEEP LEARNING TECHNIQUES

6 Month,

AAMEC.

DESCRIPTION:

The main aim of this project is to provide information about Tamilnadu government Schemes, help users to find eligibility, engage users effectively and provide an attractive interface to users. We did it, and the results were successful due to the general aspects of Machine Learning Project.
